The Addiction Medicine Mentorship Program (AMMP): An Innovative Model for Medical Student Addiction Education

James R. Latronica, D.O.
Addiction Medicine Fellow
Penn State Health Hershey Medical Center
Associate Editor
Journal of Addictive Diseases
Superstructure

Literature Expertise

Clinical Expertise

Integrated Curriculum
3:1 Longitudinal Mentorship

- Mentor-led Workgroups
- Between-session work
- Initial Cohort of 14

Traditional Didactics

- “The Big Topics”
- Journal Breakdown

Small Group Work

- Brain-storming and Progress
- Report to “Full Group”

Program Completion

- “Pre” Peer Review
- Invitation to OMED
- “Returning Scholars”
Introduction

Unique Approaches to Substance Use Disorders

Addictive Behaviors

Sedative/Hypnotic Use Disorder

Stimulant Use Disorder(s)

Final Projects

Opioid Use Disorder

Alcohol Use Disorder
Outcomes

**Mentorship**
- Returning Mentors
- Course Development
- Mentor Surveys

**Extracurricular**
- “Splinter Initiatives”
- AOAAM Membership
- JAD Readership

**Intrinsic Metrics**
- Pre- and post-course survey
- Applications and enrollment
- “Returning Scholars”

**Extrinsic Metrics**
- Fellowship Placement?
- Addiction Practice?
- Future Publication?
