## HOW TO SELECT THE APPROPRIATE REGISTRATION CATEGORY

Check **APPROPRIATE** categories on the registration form. The Specialty College Categories are for those who chose to register in a specialty category. Registrants may select up to four specialty categories. Please indicate your PRIMARY CHOICE and specialty college membership number. Your name will appear on the attendance roster of **each** practice organization selected and membership number that was provided. The other categories are for those who register **without** a practice designation.

Regardless of the registration category selected, registrants are entitled to attend **ANY** of the didactic sessions planned by **ANY** of the participating organizations. Membership in a participating affiliated organization is a requirement to register for a practice group, and AOA membership is a requirement for registration in ANY of the practice categories listed.
