Eligible?

The system will indicate the number of patients you are eligible to submit a Notification for. Click the Next button.
Your pre-filled Notification form will be generated.
Make any necessary updates to your address, phone, fax and email address.

2A. Federally qualified health centers (FQHCs) include all organizations receiving grants under Section 330 of the Public Health Service Act (PHS). FQHCs qualify for enhanced reimbursement from Medicare and Medicaid, as well as other benefits. FQHCs must serve an underserved area or population, offer a sliding fee scale, provide comprehensive services, have an ongoing quality assurance program, and have a governing board of directors. Certain tribal organizations and FQHC Look-Alikes (an organization that meets PHS Section 330 eligibility requirements, but does not receive grant funding) also may receive special Medicare and Medicaid reimbursement.
6. Purpose of Notification

The New box will be pre-checked.
7A1. Check the button for the qualification you are claiming, Board certification or Qualified Practice Setting (see next slide). If you are Board Certified in Addiction Medicine or Addiction Psychiatry you may be requested to provide your certificate via email or fax. **7A2 – 7A9** check the boxes that apply.
Qualified Practice Setting

What constitutes a qualified practice setting?

- A qualified practice setting is a practice setting that:
  - (a) Provides professional coverage for patient medical emergencies during hours when the practitioner’s practice is closed;
  - (b) Provides access to case-management services for patients including referral and follow-up services for programs that provide, or financially support, the provision of services such as medical, behavioral, social, housing, employment, educational, or other related services;
  - (c) Uses health information technology (health IT) systems such as electronic health records, if otherwise required to use these systems in the practice setting. Health IT means the electronic systems that health care professionals and patients use to store, share, and analyze health information;
  - (d) Is registered for their State prescription drug monitoring program (PDMP) where operational and in accordance with Federal and State law. PDMP means a statewide electronic database that collects designated data on substances dispensed in the State. For practitioners providing care in their capacity as employees or contractors of a Federal government agency, participation in a PDMP is required only when such participation is not restricted based on their State of licensure and is in accordance with Federal statutes and regulations;
  - (e) Accepts third-party payment for costs in providing health services, including written billing, credit, and collection policies and procedures, or Federal health benefits.
